

August 2010 Newsletter

Volume 14 No. 8

The Dallas / Fort Worth Cisco Users Group is a non-profit independent users group which meets on the first Wednesday of every month for the open exchange of technical information regarding the networking industry and Cisco products for the benefit of Cisco users.

Our meetings are free to attend - all we ask is that you [register as a member](#) and work directly with Cisco equipment.

If you can not read this email for some reason - see us at <http://dfw.cisco-users.org>

August Meeting

meeting sponsor

Date: Wednesday August 4, 2010

Topic: **IPv6** - This session is an introduction to IPv6, the next version of IP. Basic addressing concepts, address resolution, basic routing, and some deployment options (dual-stack, tunneling, translation techniques) are covered along with configuration examples. Topics include the need for IPv6, IPv6 technology and addressing structure, ICMPv6 and neighbor discovery (ND) protocol, IPv6 configuration, overview of IPv6 routing protocols (RIPng, OSPFv3, ISIS for IPv6 and MBGP) . This session is designed for network engineers interested in deploying or learning about IPv6. Attendees should have a solid understanding of IPv4 and basic routing concepts.

Speaker: **Tom Young** - (CCIE #13484, R/S, Sec, SP) Tom has over 10 years experience with computer networking with Cisco equipment from small businesses to large enterprises and service provider. He currently works for MetroPCS Wireless, Inc.

Time: 6:00-6:30 PM - Pizza provided
6:30-9:00 PM - Presentations
9:00-9:30 PM - Networking with your fellow packet-heads

Place: Cisco's Richardson Campus
2200 E President George Bush
Building 6 - Larissa Conference Room
Richardson, TX
(214) 575-3192
Enter on the East side to sign in

Meeting Sponsor for August 2010 - DFWCUG Welcomes: FolderTrack.

FolderTrack is like a tape recorder for your computer. You tell it to monitor so every time you add, delete, change, or rename a folder or file it is recorded. You can also "rewind" your folder to any point in time. Use FolderTrack to automatically keep past versions of scripts, Word Documents, Power Points, or even source code. Download it now at www.foldertrack.com and register it free by using coupon code: dallas.

Nick Coombs, Software Creator

Preorder the August 2010 Cisco Product Quick Reference Guide

Stay current on Cisco products and solutions with this valuable tool. The August 2010 edition includes several new routing and switching products. [Order today.](#)

Get the Latest Information About CiscoWorks

Register for the CiscoWorks customer intimacy program to receive product updates, newsletters, early access to new programs, usability reviews, and beta programs. [Register now.](#)

Door Prizes & Free Books

At each meeting, we give away a handful of Cisco Press books that have been donated by Cisco Press. These are typically brand new releases by leading experts in the field - thanks Jamie!

Meeting sponsors may also provide door prizes, so make sure you get your ticket and as always - you must be present to win.

Presidents Queue

We are currently looking for volunteers to help run the CUG. If you are interested in giving back to your community, please contact me or any one of the officers.

Ken Cooper

Upcoming Presentations

- September - open
- October - open
- November - open

We are always looking for good speakers. If you would like to do a presentation for the group or if you know someone that would like to do a presentation, please contact us.

Eric Severson

About This Message

This service message was delivered to you as a Dallas / Fort Worth Cisco Users Group member to provide you with announcement information about your membership benefits. We do not maintain a written policy on what we will or won't send to our registered members, but our verbal promise to our members is that "We do not sell our mailing list". Registered members get our monthly meeting announcements and study group announcements. We intend to stick to this policy since it has been our promise to you.

If you would like to remove yourself as a member and stop receiving the newsletters, visit [UNSUBSCRIBE] - if the unsubscribe link is not available [click here](#). To update your preferences visit [PREFERENCES]

If you want to contact any officers of The CUG, do not reply to this message - but instead go to dfw.cisco-users.org/officers. Replies to this message will not be read or responded to.
